### **Report description:**

While the retail current value growth rate of sportswear slowed in 2023 due to surging inflationary pressures, the cooling inflation rate and stabilising unit prices are expected to contribute to an increase in growth for sportswear in the US in 2024. Since 2021, sportswear has consistently outperformed non-sports apparel and footwear, and 2024 is set to be another successful year, with over 4% year-on-year growth in retail current value terms. Several key factors underpin this resilience, inclu...
