Report description:

Flexible plastic is the dominant pack type used for chocolate pouches and bags due to its practicality and convenience, with this expected to remain the case over the forecast period. Containers made from flexible plastic in this category are lightweight, durable and provide excellent protection against moisture and contaminants, preserving the chocolate's quality and extending its shelf life. Brands like Junglegold cater to this trend by offering products such as Bali 80% Cacao Extra Dark Choco...

Euromonitor International's Confectionery Packaging in Indonesia report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Product coverage: Chocolate Confectionery, Gum, Sugar Confectionery.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
