Report description:

Total confectionery packaging volumes in Thailand continued to rise in 2023, approaching the pre-pandemic level of unit volumes. In 2023, flexible plastic remained the dominant pack type for confectionery packaging, and continued to see a rising share of overall packaging volumes. Flexible plastic is popular as it is convenient, lightweight and cost-effective. Moreover, flexible plastic packaging offers an excellent barrier against moisture and oxygen, ensuring that the chocolate remains fresh a...
