Report description:

Retail sales of hosiery in Indonesia are set to see continue growth in current value terms in 2024. This will be driven by the increasing tendency of consumers to participate in sporting activities, including attendance at gyms and fitness centres, in line with the increasing adoption of active, healthy lifestyles. The rising interest in athleisure fashion and sports-inspired apparel and footwear has also boosted demand for new hosiery, as Indonesians seek out comfortable socks that can be teame...
