Report description:

Folding cartons account for almost half of overall packaging unit volumes used in the Swiss hot drinks industry, and were continuing to record increasing sales in 2023. Their popularity is attributed to their environmentally-friendly nature. Folding cartons are made from materials that are renewable, recyclable and compostable, making them a sustainable choice. They also offer a natural aesthetic that appeals to consumers. Coffee has a strong dependence on folding cartons for its packaging.

Euromonitor International's Hot Drinks Packaging in Switzerland report offers insight into key trends and developments driving packaging across the category. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.
