Report description:

Overall, sales of jeans saw moderate growth in current value and retail volume terms in 2024. However, the performances across the different categories were varied. For instance, while economy, standard and super premium jeans all posted steady growth in retail volume terms in 2024 sales of premium jeans decline. Premium jeans suffered from the strong competition coming from lower and higher priced bands 2024. There was a polarisation in demand for jeans in Italy in 2024 which had a negative imp...
