- Multiple User License (Global) €2985.00

Report description:

The Philippines has seen a significant shift in dress codes, resulting in increased demand for jeans. Several major corporations, along with educational institutions like De La Salle University, have loosened their wardrobe guidelines, allowing more diverse types of clothing, including jeans. In alignment with global trends, some companies in the Philippines have adopted "Casual Fridays," a trend whereby employees can dress casually on the last working day of the week. This concept is especially...

Euromonitor International's Jeans in Philippines report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023 and analysis by distribution format allowing you to identify the sectors driving growth.
