Report description:

In 2023, dried ready meals led packaging volumes within meals and soups in Vietnam. Within this category, flexible plastic was the exclusive pack type in 2023, due to its lightweight and durable nature, which is ideal for transportation and storage, especially for urban consumers. It offers excellent barrier properties, preserving the freshness of the content and ensuring a long shelf life. Innovative designs such as resealable pouches enhance convenience, with easy opening and portion control.
