- Multiple User License (Global) €2985.00

Report description:

In Austria, smoking is stated to be the most common addiction, and according to the Austria Health Portal (Gesundheit.bv.at) approximately 21% of consumers smoke daily. Even though cigarette consumption has declined over the past five years, smoking in Austria remains high when compared to other European countries. Consumption of tobacco products and alternatives, such as shishas, vapes and e-cigarettes, is generally prohibited for minors, i.e. under the age of 18 years, or in some states, under...
