Report description:

In 2023, South Africa's packaging landscape saw significant shifts driven by consumer demand for convenience and sustainability. The sales of ready meals surged, boosting the demand for folding cartons, the dominant packaging choice in this category, particularly for chilled and frozen meals. Brick liquid cartons continued to gain share in baby food packaging thanks to their safety and sustainability features. In addition, brands like Liqui-Fruit rebranded to enhance their competitiveness. Glass...

Euromonitor International's Packaging in South Africa report offers insight into key trends and developments in the industry. The report also examines trends and prospect for various pack types and closures: metal packaging, rigid plastic, glass, liquid cartons, paper-based containers; flexible packaging.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Packaging market;
