Report description:

Total plant-based dairy packaging volumes in Switzerland continued to rise in 2023, as Swiss consumers are increasingly seeking dairy alternatives for health, environmental, and ethical reasons. Although plant-based cheese accounted for the lowest packaging volumes in this year, it saw the strongest increase. Flexible plastic was the dominant pack type used for plant-based cheese in Switzerland in 2023, due to its excellent ability to preserve freshness and extend shelf life, which is crucial fo...
