### Report description:

Pod coffee machines was the most dynamic category in small cooking appliances in 2024 in retail volume terms, albeit with growth coming from a relatively low base. These appliances are finding an audience among more affluent consumers in Malaysia who are looking recreate the cafe experience in their homes. Demand has also been fuelled by the increased number of consumers who are working from home for at least part of their working week. The category has also benefited from new product developmen...

Euromonitor International's Small Cooking Appliances in Malaysia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, format trends or distribution issues. Forecasts to 2028 illustrate how the market is set to change.
