Report description:

Sports nutrition continued to record dynamic retail value and volume sales growth in Austria in 2024. Many consumers have fitness goals, working on body composition or improving stamina or strength, while having higher levels of physical activity in their daily lives. To maintain energy levels and improve overall fitness and wellbeing, sports nutrition products are appealing options to support their more active lifestyles. In addition, the rising interest in strength training further drives sale...

Euromonitor International's Sports Nutrition in Austria report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2019-2023, allowing you to identify the sectors driving growth. Forecasts to 2028 illustrate how the market is set to change.
