### **Report description:**

Despite the challenging economic environment, bottled water has emerged as one of the top-performing categories in 2024, achieving 3% off-trade volume growth and 12% on-trade volume growth, demonstrating its resilience. In 2024, bottled water continues its upward trajectory by capitalising on significant price increases observed in competing categories, such as carbonates and juice, which have been implementing hikes since 2022. While the average unit price of bottled water marginally increased...
