### **Report description:**

Menswear in Morocco registered a stronger increase in retail volume growth over 2024, whilst current value growth has slowed down. The slowdown in unit prices has stimulated higher consumption of menswear, reflecting a rebound in consumer purchasing power. Certain product categories, such as men's tops, shorts and trousers are exhibiting greater dynamism due to their affordability as basic items. Many consumers in Morocco are showing a stronger interest in purchasing menswear thanks to lower inf...
