### **Report description:**

Processed fruit and vegetables is a sizeable product area in Uzbekistan and in 2024 is expected to register moderate volume growth, partly supported by continuing population growth. Shelf stable accounts for most value sales and in particular shelf stable vegetables. However, in 2024, it is shelf stable tomatoes that is expected to register the highest volume growth, as it is key ingredient in cooking. On the other hand, value sales are minimal for shelf stable fruit, with consumers preferring t...
