Report description:

The Latin American alcoholic drinks market quickly recovered from 2020's pandemic-induced drop in sales, but, with the difficult economic circumstances in a number of countries in the region, including high inflation, sales went into decline in 2023. However, an immediate return to positive growth is expected in 2024, with health trends driving strong sales in non-alcoholic beer, and spirit-based RTDs also expected to be a dynamic performer over 2023-2028.
