Report description:

Apparel accessories manages sub-decimal positive volume sales in Hungary in 2024, while value is better supported by unit prices. Overall, different products in apparel accessories see different drivers for sales, in addition to facing different challenges. For example, weather and seasonal factors influence sales, with mild winters slowing down sales of winter hats, scarves, and gloves, for example, while hot summers support sales of sunhats. We also note the rise of UV protective and thermo-co...
