Report description:

In 2023, meat in the UK was challenged by another year of double-digit price rises, negatively impacting retail volume sales. With soaring costs, local consumers were compelled to reduce both the quantity and frequency of their meat purchases. Despite this, inflation sustained robust growth in current value terms. Pork was notably the hardest hit, experiencing the steepest decline in retail volume sales. This drop was attributed to a combination of tight domestic supply and elevated input costs,...
