### **Report description:**

Retail volume sales of small cooking appliances are expected to grow in the Czech Republic in 2024. While the pod coffee machines subcategory grew very strongly in the early part of the review period, it has been in decline since 2022. In a climate of uncertainty and continuously rising prices for necessities, many consumers have reconsidered purchases of big-ticket items, including coffee machines. This has been particularly the case as many consumers do not consider these items to be essential...
