- Multiple User License (Global) €6450.00

### **Report description:**

Snacks is achieving positive volume and value sales in Vietnam in 2024, thanks to manufacturers making significant efforts to control their prices in the face of increasing production costs. For example, through regular discounts and promotions, alongside the launch of new products to catch consumers' attention. However, consumer decision-making continues to be impacted by inflationary pressures and the unpredictable economic climate caused by geopolitical conflicts. Within this context, budget...
