Report description:

Life Insurance & Pension in Brazil

Summary

Life Insurance & Pension in Brazil industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2018-23, and forecast to 2028). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

- Life insurance & pension is the financial cover for a contingency linked with human life, like death, disability, accident, retirement etc. Human life is subject to risks of death and disability due to natural and accidental causes. When human life is lost or a person is disabled permanently or temporarily, there is loss of income to the household.
- The Brazilian life insurance & pension market recorded gross written premiums of \$44.8 billion in 2023, representing a compound annual growth rate (CAGR) of 3.2% between 2018 and 2023.
- The life insurance segment accounted for the market's largest proportion in 2023, with total gross written premiums of \$32.7 billion, equivalent to 73% of the market's overall value.
- The growing economy has been a significant driver for the life insurance & pension market, as economic expansion translates to higher employment, improved wages, and greater financial stability, prompting individuals to invest in life insurance products for long-term security. According to the Instituto Brasileiro de Geografia e Estatística (IBGE), the real GDP annual growth of Brazil stood at 2.9% in 2023.

Scope

- Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the life
