Report description:

Life Insurance & Pension in Middle East

Summary

Life Insurance & Pension in Middle East industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2018-23, and forecast to 2028). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

- Life insurance & pension is the financial cover for a contingency linked with human life, like death, disability, accident, retirement etc. Human life is subject to risks of death and disability due to natural and accidental causes. When human life is lost or a person is disabled permanently or temporarily, there is loss of income to the household.
- The Middle Eastern life insurance & pension market recorded gross written premiums of \$14.3 billion in 2023, representing a compound annual growth rate (CAGR) of 1.1% between 2018 and 2023.
- The life insurance segment accounted for the market's largest proportion in 2023, with total gross written premiums of \$11.4 billion, equivalent to 79.5% of the market's overall value.
- The decline in the Middle Eastern life insurance & pension market is primarily due to rising interest rates and the increased cost of living, which have put pressure on consumers' disposable incomes. For instance, in 2023, the Central Bank of the UAE raised its refinancing interest rate to 5.1%, up from 1.8% in 2022. This significant hike was implemented to curb inflation and stabilize the economy in the face of global economic challenges.

Scope

- Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the life
