Report description:

The growth rate of apparel accessories in Vietnam is expected to be adversely affected by inflation and the gloomy economy in 2024, with a notable decline in retail volume terms, and little movement in current value terms. In this year, more consumers have been cutting back on buying non-essential items, including some apparel accessories. Others have been waiting for companies to offer significant discounts in order to get lower prices. Alternatively, they may have opted to purchase counterfeit...
