Report description:

Apparel and footwear saw strong current value growth in Ukraine in 2024. The final year of the review period saw the Ukrainian apparel and footwear market continue to evolve in response to the war following Russia's invasion of the country in 2022. War-related issues such as the overall stress and uncertainty about the future, the large number of people involved in defending Ukraine and the mass emigration, particularly of women and children, in the immediate aftermath of the invasion were among...
