### **Report description:**

Consumer credit in France is beginning to recover in 2024 after a difficult 2023, partly thanks to more accessible rates than in 2023 and the recovery of the offering. In September 2024, the best consumer credit rates were 0.9% over 12 months, 8% over 36 months and even 6.37% over 72 months, for financing personal projects. While new uses of credit are driving the market, inflation has left its mark. The increase is slight but it gives rise to cautious hope among certain consumer credit professi...
