### **Report description:**

Consumer credit gross lending maintained relatively stable growth in Greece in 2024, as the associated relative stability of the economy inspires stronger consumer spending confidence - despite ongoing cost-of-living crises. Digital loans in particular are driving growth, as the market shifts back into a positive direction. Consumers are interested in purchasing products again, and banks are trying (conservatively) to loosen issuing criteria (in some instances) to gain share.

Euromonitor International's Consumer Credit in Greece report establishes the size and structure of the market for ATMs cards, smart cards, credit cards, debit cards, charge cards, pre-paid cards and store cards. It looks at key players in the market (issuers and operators), number of cards in circulation, numbers transactions and value of transactions. It offers strategic analysis of sector forecasts and trends to watch.

Product coverage: Auto Lending, Card Lending, Durables Lending, Education Lending, Home Lending, Other Personal Lending.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
