Report description:

Consumer lending witnessed another record year of growth in Norway over 2024. Following the challenging pandemic years and a period of high inflation due to the war in Ukraine, the economy is beginning to feel the positive effects of falling inflation. In 2024, both gross lending and outstanding balances increased at a steady pace buoyed by improved levels of consumer confidence. Gross lending is expected to exceed the threshold of NOK900bn for the first time ever in 2024 with outstanding balanc...
