**Report description:**

In 2024, cooking ingredients and meals in India is set to display solid growth in retail volume terms, along with a dynamic, double-digit increase in retail current value terms, with rising sales across all the main categories. Foodservice volume sales are also set to rise, due to increased consumption outside of the home, and the rising number of tourists. As consumer expenditure slightly picked up in India in 2024, this is anticipated to drive the growth of cooking ingredients and meals, espec...

Euromonitor International's Cooking Ingredients and Meals in India report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
