### **Report description:**

Total volume sales of eggs rose in Mexico in 2024. The growing popularity of eggs in Mexico at the end of the review period was linked to the fact that these products provide a more affordable source of protein than alternatives such as meat and fish and seafood. In fact, Mexico is the world's largest consumer of eggs, with these products being used in a wide variety of popular local dishes at various mealtimes. As such, the eggs category was in a good position to soak up demand resulting from t...
