Report description:

Demand for food preparation appliances in Hong Kong continues to rise in 2024, albeit slowly, due to the high penetration rate of the category in local homes and previous investments made in these products at the height of the pandemic during home seclusion. Nevertheless, the positive performance is being supported by many consumers looking to prepare and cook meals regularly at home amid uncertain economic conditions.

Euromonitor International's Food Preparation Appliances in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2020-2024, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, format trends or distribution issues. Forecasts to 2029 illustrate how the market is set to change.
