Report description:

A mix of positive and challenging factors has continued to be seen in the macroeconomic scenario in Brazil in 2024. While the country has experienced robust economic growth, driven by a strong labour market and fiscal transfers, inflationary pressures and rising interest rates have posed significant challenges for both consumers and businesses. Brazilian consumers have therefore been more cautious in their approach to spending. This shift has led to a growing preference for value-oriented produc...

Euromonitor International's Processed Fruit and Vegetables in Brazil report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2020-2024, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
