Report description:

Over 2023-2024, refrigeration appliances in Vietnam continued to see a decline in retail volume sales. This owed much to the reduced demand for upgrades among households in the country. The category has reached saturation in fridge freezers, offering few growth opportunities, and limiting the need for other types of refrigeration appliances. While the household penetration rates of fridges and freezers remained tiny and negligible, respectively, in 2024, fridge freezers recorded a triple-digit r...
