- Multiple User License (Global) €2985.00

Report description:

Overall, small cooking appliances in Greece maintained an upward trajectory in retail volume sales in 2024. Notwithstanding exponential increases in purchases and penetration through the review period, air fryers remained the most dynamic category, posting further double-digit retail volume and current value growth in 2024. When first introduced, air fryers appealed mostly to single-person households. However, a growing appeal amongst families is driving a demand for larger capacity appliances.

Euromonitor International's Small Cooking Appliances in Greece report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2020-2024, allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, format trends or distribution issues. Forecasts to 2029 illustrate how the market is set to change.

Product coverage: Breadmakers, Coffee Machines, Coffee Mills, Electric Grills, Electric Steamers, Freestanding Hobs, Fryers, Kettles, Other Small Cooking Appliances, Rice Cookers, Slow Cookers.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
