Report description:

Taiwan's consumer landscape is shifting with an ageing population, urbanisation, and rising environmental awareness. By 2040, seniors will dominate demographics, driving demand for eldercare and wellness. Millennials and Gen Z, facing rising living costs, prioritize compact urban living and digital lifestyles. A shift toward sustainability highlights evolving consumer values, with innovation shaping market opportunities despite economic pressures.

...

Euromonitor's Taiwan: Consumer Profile report analyses factors influencing national consumer expenditure. Consumer lifestyles reports include coverage of: population, urban development, home ownership, household profiles, labour, income, consumer and family expenditure, health, education, eating habits, drinking habits, shopping habits, personal grooming, clothing, leisure habits, savings and investments, media, communication, transport and travel and tourism. Use this report to understand the factors influencing a nation's lifestyle choices.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Economy market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
