Report description:

In 2024, travel in India is set to witness a slowdown in growth. In addition to sales and travel flows normalising after the pandemic disruption, this is due to challenges from rising living costs influencing domestic tourism. Meanwhile, growing competition and economic slowdown have also been impacting inbound arrivals to India. Travel destinations in neighbouring countries which are perceived to offer more curated and luxurious travel experiences, along with being better value for money, have...

Euromonitor International's Travel in India report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2020-2024, allowing you to identify the sectors driving growth. It identifies the leading companies and offers strategic analysis of key factors influencing the market - be they new legislative, technology or pricing issues. Background information on disposable income, annual leave and holiday taking habits is also included. Forecasts to 2029 illustrate how the market is set to change.

Product coverage: Booking, In-Destination Spending, Lodging (Destination), Tourism Flows, Travel Modes.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Travel market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.

Euromonitor International has over 40 years' experience of publishing market research reports, business reference books and online information systems. AIRLINES IN INDIA

KEY DATA FINDINGS

2024 DEVELOPMENTS

Slowdown in growth in domestic travel and escalating air fares lead to slower growth for airlines

Airlines witnesses consolidation, with Air India merging its subsidiary carriers, and selected low-cost carriers witnessing operational challenges

PROSPECTS AND OPPORTUNITIES

Robust growth expected for airlines, driven by favourable initiatives from both government and airlines

Airline booking to further shift towards online intermediaries due to convenience, comparison facility, and card-related offers
