- Multiple User License (1 Site) €1990.00
- Multiple User License (Global) €2985.00

Report description:

Air care volume sales in Tunisia slowed down in 2024 due to the remarkable increase in retail prices. High inflation and economic crisis has resulted in lower purchasing power. Even domestic brands such as Kiordor and Nassim that are usually sold at affordable prices compared to imported brands were affected by lower demand. The increase in distribution, production and raw materials costs has pushed up retail prices in air care, both on imported and local products.

Euromonitor International's Air Care in Tunisia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2029 illustrate how the market is set to change.

Product coverage: Air Fresheners.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?
