### **Report description:**

Appliances and electronics specialists saw limited current value growth momentum in China in both 2023 and 2024, driven by a weak housing market and reduced house purchases. Key product types, such as air conditioners and refrigeration appliances, experienced sharp sales declines as fewer new homes needed to be fitted out. Meanwhile, consumer sentiment shifted towards functional and affordable products due to stagnant income growth and cautious spending patterns. It should be noted that the sale...
