Report description:

Bleach had another difficult year in the United Kingdom in 2024, continuing its historic trend of retail volume decline. However, although demand continued to drop relative to recent years, the volume decline was not as steep as it was in 2023. One of the reasons that demand for bleach continues to fall is because an increasing number of consumers are opting for multi-purpose cleaners, as opposed to using bleach. However, despite the fact that bleach continues to decline in retail volume terms,...

Euromonitor International's Bleach in United Kingdom market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2029 illustrate how the market is set to change.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.
