### **Report description:**

Dishwashing in Guatemala witnessed the continued, albeit gradual, transition from cream and paste formats to liquid hand dishwashing products in 2024. Although local households increasingly seek the convenience of liquid detergents, which are effective at removing grease, last longer and are gentler on the skin, liquid products have yet to achieve significant penetration in the hand dishwashing category. The gradual shift has been more noticeable among households with higher purchasing power, wh...

Euromonitor International's Dishwashing in Guatemala market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
