Report description:

Automatic dishwashing detergents recorded significant growth in current value terms in 2024, driven by rising prices and the growing prevalence of dishwashers in Hungarian households. An increasing number of consumers are embracing the convenience and time-saving advantages provided by dishwashers, in keeping with a movement towards busier lifestyles. By contrast, hand dishwashing products experienced only slight current value growth and a decline in volume due to growing preference for automati...

Euromonitor International's Dishwashing in Hungary market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
