### **Report description:**

The dishwashing market in Malaysia experienced slower growth in current value terms in 2024, compared to the previous year, with both handwashing and automatic dishwashing products showing similar performance trends. With many consumers returning to their physical offices post-pandemic, and spending more time socialising outside the home, they have less time to spend on meal preparation. As such, dining out and food delivery services are becoming increasingly popular, limiting demand for dishwas...
