### **Report description:**

In 2024, the home care industry in Indonesia saw steady growth, with major categories such as laundry care, dishwashing, surface care, air care, and home insecticides all contributing to the expansion. The primary drivers of this growth were increasing awareness of hygiene and cleanliness, urbanisation, and the country's rising middle-class population. Local consumers are becoming more focused on maintaining clean and healthy environments at home - particularly after the pandemic heightened conc...

Euromonitor International's Home Care in Indonesia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2029 illustrate how the market is set to change.
