Report description:

In 2024, the performance of the home care sector in Nigeria was significantly affected by sharp increases in unit prices, ranging from 50% to 100% across most categories. This price surge was primarily driven by the depreciation of the local currency and a strong rise in energy costs, which in turn led to higher import and production expenses. The prevailing inflationary pressures further weakened consumer spending power, forcing many consumers to prioritise products.

Euromonitor International's Home Care in Nigeria market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2029 illustrate how the market is set to change.

Product coverage: Air Care, Bleach, Dishwashing, Home Insecticides, Laundry Care, Polishes, Surface Care, Toilet Care.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Home Care market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
