Report description:

Home care volume sales in Tunisia slowed down in 2024 amid inflationary pressures and price increases across most categories. There was a notable decrease in Tunisian purchasing power as consumers grappled with the high cost of living. Niche categories were still able to perform well by attracting upper income consumers, resulting in healthy growth in both volume and current value terms. To boost sales, domestic companies focused on strategic promotions, especially in modern grocery retailers, s...

Euromonitor International's Home Care in Tunisia market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
