Report description:

The rate of growth in retail current value sales of home insecticides slowed significantly in 2024 but remained firmly in double digits, with retail volume sales also seeing slower, but still robust, growth. Unit prices continued to rise in 2024, albeit at a slower rate than earlier in the review period, as inflationary pressure abated somewhat. Nonetheless, the National Institute of Statistics and Census noted that insecticides were among the products with the highest rate of price increase in...

Euromonitor International's Home Insecticides in Costa Rica market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues.
