- Multiple User License (1 Site) €1990.00
- Multiple User License (Global) €2985.00

Report description:

Home insecticides continued to perform well in Lithuania in 2024, having experienced a strong rebound in the previous year. Sales are highly sensitive to weather patterns, especially during warmer months when increased insect activity drives demand. While favourable weather in 2023 led to a surge in sales, volatile temperatures in May-June 2024 hindered insect breeding to some extent, resulting in a slower rate of volume growth compared to the previous year.

Euromonitor International's Home Insecticides in Lithuania market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth. It identifies the leading companies, the leading brands and offers strategic analysis of key factors influencing the market - be they new product developments, packaging innovations, economic/lifestyle influences, distribution or pricing issues. Forecasts to 2029 illustrate how the market is set to change.

Product coverage: Electric Insecticides, Insecticide Baits, Insecticide Coils, Other Home Insecticides, Spray/Aerosol Insecticides.

Data coverage: market sizes (historic and forecasts), company shares, brand shares and distribution data.

Why buy this report?

- * Get a detailed picture of the Home Insecticides market;
- * Pinpoint growth sectors and identify factors driving change;
- * Understand the competitive environment, the market's major players and leading brands;
- * Use five-year forecasts to assess how the market is predicted to develop.
