Report description:

Home products specialists faced another difficult year in the US in 2024, as the post-pandemic slowdown continued to weigh on the channel, and a significant decline was seen in current value terms. Despite disposable income growing by 2.1% in constant terms, inflation remained at 2.9%, according to Euromonitor's Economies and Consumers data, keeping economic concerns at the forefront, and limiting consumer spending in this channel. The natural effect of product lifecycles meant that many consume...
