Report description:

Laundry care in South Korea recorded modest overall retail current value growth in 2024, driven by steady consumer demand for essential cleaning products. Within laundry care, dryer sheets and liquid tablet detergents stood out as categories achieving double-digit value growth. Despite a slight deceleration in their growth rates compared with the previous year, both continued to demonstrate robust performances. The sustained interest in these products reflects the shifting consumer preference to...

Euromonitor International's Laundry Care in South Korea market report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (historic date range), allowing you to identify the sectors driving growth.
