Report description:

There was a significant acceleration in the rate of growth in retail current value sales of laundry care in Uruguay during 2024. In line with the trend observed in the last decade, liquid detergents continued to significantly outperform powder detergents in terms of retail current value sales during 2024. Retail volume sales of powder detergents plunged, while those of standard liquid detergents continued to expand rapidly. In 2024, liquid detergents accounted for around two thirds of retail val...

Euromonitor International's Laundry Care in Uruguay market report offers a comprehensive guide to the size and shape of the market at a national level.
